2, Rue André-Pascal
75775 Paris CEDEX 16
France

EDUCATION

PhD Economics, University of Cambridge
Dissertation: *Fiscal Policy, Business Cycles, and Commodity Dependence*¹
M.Sc. Economics, University of Nottingham
M.Sc. Development Economics, University of London, School of Oriental and African Studies (SOAS)
M.Sc. Architecture. Norwegian University of Science and Technology, and Université de Marseille
B.A. Latin American studies, social anthropology, and philosophy; University of Bergen, Norway

LANGUAGES

Native or bilingual proficiency: English, Norwegian, Spanish
Professional proficiency: French
Intermediate proficiency: Portuguese, German

EXPERIENCE

2019 – Senior economist, OECD Development Centre

Research and policy development on the role of sovereign wealth funds and strategic investment funds in the low-carbon transition, and on how climate change affects these funds; and on the effects of the low-carbon transition on the economics, fiscal management, and public finances of resource-rich developing countries.

- Two publications on institutional investors' climate alignment; one publication on the fiscal implications of the low-carbon transition; one publication on the fiscal implications of strategic investment funds.
- Published op-eds on energy, finance, and climate-related issues in the Financial Times, Le Monde, the Official Monetary and Financial Institutions Forum (OMFIF), Prospect Magazine, and Norwegian business daily *Dagens Næringsliv*.
- Invited panelist to a number of global conferences and seminars on climate finance and institutional investors (events hosted by IFC, KPMG, MSCI, UN, World Wildlife Fund, Chatham House).

2018 – 2019 Visiting scholar, Global Projects Center, Stanford University

Research on the role of institutional investor capital and strategic investment funds in climate finance, infrastructure finance, and blended finance. Research on options for collaboration between institutional investors and development banks for climate finance.

- Lead author for paper on the mobilization of institutional investor capital for climate-aligned development
- Author paper on the fiscal implications of strategic investment funds
- Seminars on private capital mobilization, and on strategic investment funds
- Three op-eds on Project Syndicate - on strategic investment funds, climate and infrastructure finance, and private capital mobilization by multilateral financial institutions

2018 – 2019 Senior consultant to the World Bank Group

- Lead consultant and author for World Bank Study (book): *Strategic Investment Funds: Establishment and Operations* (forthcoming 2021)

2018 – 2019 Special adviser to the Institutional Investor Roundtable

- Support member preparation of infrastructure investment strategy

2015 – 2018 Senior economist, Finance & Markets Global Practice, World Bank Groupⁱⁱ

- Concept development and project planning for book / World Bank Study: *Strategic Investment Funds: Establishment and Operations* (forthcoming 2021)
- Lead work on working paper / DGE model: *The Allocation of Oil Revenues with Resource and Strategic Investment Fund*, forthcoming
- Lead author for working paper *Strategic Investment Funds: Challenges and Opportunities*
- Technical lead for assistance to establishment of sovereign wealth funds (SWFs) in Guyana and Kenya. SWF-related analysis for Angola, Bhutan, Senegal
- Co-lead feasibility study for Green Growth Investment Fund, Africa
- Team member for green finance ecosystem study for South Africa

2012 – 2015 Natural resource economist, Governance Global Practice, World Bank Group

- Provided fiscal technical advice for extractives-related operations in Africa and other regions, including Chad, Congo Rep., Kenya, Morocco, Nigeria, Tanzania, Sao Tome & Principe, Nigeria, Indonesia, and others
- Lead and jointly author research on macroeconomic and fiscal policy in resource-rich developing countries, including the production of books and papers (for full references, see section on publications below):

Published in the World Bank Studies series:

- *Fiscal Policy in Resource-Rich Countries: Essentials for Economists, Public Finance Professionals, and Policy Makers.*
- *The Extractive Industries Sector: Essentials for Economists, Public Finance Professionals and Policy Makers.* 2015. Published in Chinese, English, French and Spanish versions (140 pages).
- *Resource Financed Infrastructure: A Discussion on a New Form of Infrastructure Finance.* Published June 2014. The study was published with comments by Paul Collier, Alan Gelb, Justin Lin, Clare Short and Prof. Louis Wells of Harvard Business School

Published in the World Bank Policy Research Working Papers:

- *Oil Discovery and Macroeconomic Management. The Ghanaian Experience.*
- *Do Resource-Rich Countries Suffer from a Lack of Fiscal Discipline?*
- *Sovereign Wealth Funds and Long-Term Development Finance: Risks and Opportunities*, published as WB WP 6776, and submitted as part of the Bank's contribution to the G20 Working Group on Long-term Finance

Other

- Scoping study on options for private sector support for tax functions and capacity building in the extractive industries sector. Internal memo.
- Organized large global conference on the taxation of the extractive industries, in Brussels in September 2014 (120 participants, 25 countries); jointly organized with the European Commission and the German Federal Government, and in cooperation with the OECD and the IMF

2012 Consultant, World Bank Group

- Drafted chapters for book on the extractive industries sector
- Co-authored Country Economic Memorandum for Kazakhstan, on economic diversification under circumstances of natural resource-dependence

2007 Research officer, Centre for Development Policy and Research, University of London.

- Taught and authored course material for project tendered by the Asian Development Bank (ADB): "Capacity Building at the Ministry of Economic Development, Azerbaijan", London and Baku. Modules on trade policy and inequality

2002 – 2003 Program manager, the International Committee of the Red Cross (ICRC), Colombia.

- National level management of financial and technical support to community infrastructure projects: Community managed construction of schools, health posts, water pipelines and sewage. Staff responsibility: Manage 3 headquarters program staff and coordinate program activities of 51 field staff in 14 regional offices

2002 Deputy coordinator for humanitarian aid, ICRC, Colombia.

- National level coordination of humanitarian aid to 170.000 internally displaced persons.
- Coordination of operations with national authorities, UN agencies and diplomatic missions

1999 – 2002 Field delegate, ICRC, Democratic Republic of the Congo and Colombia.

- Locally in charge of implementing humanitarian aid operation for 100.000 displaced persons in Ituri province, North-Eastern DRC
- Established, staffed and managed regional humanitarian assistance department with 4 program staff and 50 logistics staff in Bunia, Ituri province, northeastern DRC
- Hostage negotiation and other humanitarian diplomacy vis-à-vis irregular armed groups and military
- Monitoring of conditions in prisons and irregular detention centers

1998 – 1999 Lecturer, Norwegian University of Science and Technology, Institute of Urban Planning.

- Taught field course in urban planning, Kathmandu, Nepal

Employment during studies (eq. to 3.5 years full time): Freelance journalist, industrial mechanic, salesman, driver, logger, teacher, communication officer, farm worker.
